Saturn Sight Word Discovery

Tools Required:

- 1 sheet of paper towel
- 2 cups of water with orange and yellow food coloring
- Eye dropper
- Pencil
- Tray to collect water

Instructions:

Write your sight words on the saturn scene. Place the Saturn scene printout in a tray with a sheet of paper towel on top of it (words are hidden). Use an eye dropper to collect water and squeeze on top of paper towel until a word is discovered (alternate between orange and yellow). Practice writing the word that was discovered and repeat steps until all letters are found. For older children, practice writing the word in a sentence.

Write the discovered words below
